

**DUPLEX OUTLET INSTALLED**

# DYNA-LINQ™

## MODULAR ELECTRICAL SYSTEM

**SMART BOX**

**JUMPER CORD**

**DUPLEX OUTLET**

### ENERGIZE YOUR CONSOLE

Dyna-Linq is a simple, flexible “plug and play” electrical system designed to power your Winsted Sight-Line or Insight console. Dyna-Linq is UL 962 approved and provides a modular, expandable and reconfigurable electrical system that doesn't require an electrician to install. **It couldn't be more convenient!**

### HOW IT WORKS

**SMART BOX INSTALLED**

- Each Smart Box powers up to 8 Duplex Outlets
- Mount the outlets in the desired locations on the console
- Connect Jumper Cords to the outlets and link together
- Connect Smart Box anywhere in the run of outlets
- Plug the Smart Box into any standard wall outlet

\* If you purchase a Dyna-Linq system with your console, Winsted will waive the installation charge and install it for **free** prior to shipping!
